Pinnacle's mission is to design and produce the most innovative environmentally friendly packaging products for the foodservice market.

We remain steadfast on product improvements to our sustainable packaging range.

Our Truly Eco® Cup isn't made from traditional PE or PLA, but an Aqueous coated material.

It also demonstrates our commitment to lead the market in a more sustainable future.

Our 100% sugarcane products are market-leading quality, Certified Home and Industrial/Commercial Compostable, pure and fit for purpose. It's the innovation the market needs to make a significant difference in how we package products.

Our manufacturing sites are continually working to reduce environmental impact through both the operation and evaluation of our operations systems. We strive to implement processes and procedures to protect our earth and the local community.

Our Paperway™ PLA Range is a first-to-market, patented product that is the way forward in replacing plastic containers.

Paperway™ is Industrial/Commercial Compostable, durable, reliable, and perfect for hot and cold takeaway foods.

Full coverage custom branding available.

Paperway® White & Kraft PP Rectangle Containers and Lids "help you reduce plastic" and are suitable for Ready & Home Delivery meals.

Paperway® Containers by Pinnacle are available in sizes of 500, 650, 750 and 1000ml all with the same profile and one lid fits all which can be both frozen and are microwave safe.

Lids to suit are available in both Paper, PP along with clear PET for applications of cold food and presentation.

# POLYPROPYLENE (PP) COFFEE CUP LIDS

WE'VE MADE THE  
**SWITCH!**

Our Plastic Coffee Cup Lids have moved from Polystyrene (PS) to Polypropylene (PP)!

PP Lids are much easier to Recycle, more flexible and heat resistant, than PS.

Pinnacle's New PP lids are recyclable as they are made from 100% PP and widely used in many areas and a better option for the environment.

PP Lids from Pinnacle will ensure a better fit and are available in Travel or Sipper Lids in either Black or White. Perfectly matched with our Truly Eco Range of Coffee Cups.

#### WHAT DOES IT MEAN?

# paperway® deluxa bowls

A Pinnacle Innovation

Introducing another innovation by Pinnacle Packaging. Australia's first Paper Bowl, the Paperway Deluxa Bowls.

The Deluxa Bowls are ideal for hot soups or cold salads, in fact they are a great all-rounder in your busy kitchen.

Providing a perfect and prestigious presentation to your foods. The Deluxa Bowls offer a breath of fresh air against the old-fashioned plastic bowls, creating a valued contribution to your fresh foods and an extra benefit, greatly reducing your plastic footprint.

Each bowl has its own specific PP lid to protect against spills and ensure your food arrives to your customers destination the way it left your kitchen. Deluxa Lids are made from study PP material allowing them to be microwavable and freezer safe.

Finally, there is now a Prestigious Paper Bowl in the market that can be custom printed to promote your brand.

Make the switch from plastic, lead from the front, don't follow the pack!

## paperway®

Bioway® White Paperway Rectangular Containers and Paper Lids provide sustainability by using a plant-based PLA lining to “help reduce plastic” and can be composted and recycled.

The perfect container for foods with High Fats and wet resistance and can be combined with a Bioway® White Paperway Lid or clear RPET Lid.

Bioway® containers are available in sizes of 500, 650, 750 and 1000ml all with the same profile and one lid fits all which can be both frozen and are microwave safe.

Ideal for both hot and cold foods and the perfect container for home and ready meals.

Custom branding available for both container and paper lid upon request.

Bioway® Paperway PLA lined containers and lids are another first to market by Pinnacle.

Our first to-market Supa Bowl range was introduced by Pinnacle to offer strong, resistant packaging options and a clean presentation for both hot and cold meals.

These easy-to-use bowls are easy to stack and destack especially during the lunch rush.

The range now has three lid options to suit 500ml, 750ml, and 1000ml.

Check out our new Kraft vented lid, perfectly designed for hot, cold, and microwaveable applications.

Our Clear PET lid is transparent and ideal for cold meals and our PP lid also provides a clear view of your food and is microwavable.

### ABOUT BIOWAY...

The Bioway™ team is a group of passionate individuals on a mission to improve the state of the environment. Having seen firsthand the amount of plastic waste generated by the eCommerce industry, we decided to create leading, revolutionary and customised packaging solutions for the new eco-nomy – a Circular Economy in which generating waste is not an option and the earth's resources are not treated as infinite.

The Bioway™ team believes that as a society we have to make a fundamental shift in the way we value resources and move from a 'linear economy' (make, use, dispose) to a 'circular' one.

We design market-leading, innovative products that come as close to this ideal as possible – waste products are used as raw materials, minimal waste (and minimal pollution) is generated in production.

This is the Bioway™.

# OYSTER TRAYS

A Pinnacle Classic

Introducing our 12-Oyster Trays, the perfect solution for transporting and storing your delicate oysters. Our trays are made of high-quality plastic that is both sturdy and lightweight, ensuring that your oysters stay safe during transit without adding unnecessary weight.

The trays are designed to hold up to a dozen oysters, each one cradled in its own individual slot to prevent them from sliding around or getting damaged.

Our 12-Oyster Trays are ideal for use by seafood distributors, restaurants, and home enthusiasts alike. Keep your oysters fresh and secure!
