Our first to-market Supa Bowl range was introduced by Pinnacle to offer strong, resistant packaging options and a clean presentation for both hot and cold meals.

These easy-to-use bowls are easy to stack and destack especially during the lunch rush.

The range now has three lid options to suit 500ml, 750ml, and 1000ml.

Check out our new Kraft vented lid, perfectly designed for hot, cold, and microwaveable applications.

Our Clear PET lid is transparent and ideal for cold meals and our PP lid also provides a clear view of your food and is microwavable.
